

Subject **Valley Water Survey – Your Input is Needed: One–Water Guadalupe Watershed Planning Effort**  
From Katie Muller <KMuller@valleywater.org>  
Date 2022-05-17 02:48 PM

Good Afternoon,

Valley Water, a special district providing wholesale water supply, stream and watershed stewardship, and flood protection within Santa Clara County, is developing the One Water – Guadalupe Watershed Plan. This Plan is a master planning effort that will help us understand water resource challenges and opportunities within the watershed.

Your organization has been identified as an important stakeholder within the Guadalupe Watershed in Santa Clara County. To develop a comprehensive Plan that meets the needs of the community, meaningful and productive stakeholder engagement is key. For this reason, we have prepared a short survey (5 minutes), to inform you of the development of this Plan and to gauge your desired level of involvement as we continue with this master planning effort. The survey link is below.

We would appreciate your response to the survey by ***Tuesday, May 31.***

Survey Link: <https://www.surveymonkey.com/r/5SP9BCR>

Once we collect the responses from this survey, the next step will be to invite your organization to participate in the decision making process and prioritization of needs within the Guadalupe Watershed. Additional information on the Plan area is included in the survey.

For more information about Valley Water, please check out our [Main Website](#) and [One Water Info Page](#).

For any questions on the One Water – Guadalupe Watershed Plan, please do not hesitate to contact me.

Thank you,

**KATIE MULLER, PE**
