Subject **Fisheries and Aquatic Habitat Collaborative Effort Draft Environmental Impact Report Release for Public Review**
From FAHCE <FAHCE@valleywater.org>
Date 2021-06-30 04:08 PM

Hello,

Valley Water has released a Draft EIR on the FAHCE project, which is located in Santa Clara County, for a 45-day public review from Wednesday, June 30, 2021 to Monday, August 16, 2021. The proposed project implements a Fish Habitat Restoration Plan, and includes restoration measures specified in a 2003 FAHCE Settlement Agreement intended to resolve a water rights complaint filed with the State Water Resources Control Board. It includes both flow measures (reservoir re-operations rule curves) and non-flow measures such as fish barrier remediation, and measures to increase spawning and rearing habitat.

The Draft EIR may be viewed at https://fta.valleywater.org/fl/pgg9BHkokl. The Draft EIR is also available for in-person review at:

- Valley Water, 5750 Almaden Expressway, San Jose, CA 95118
- Evergreen Branch Library, 2635 Aborn Road, San Jose, CA 95121
- Los Gatos Library, 100 Villa Avenue, Los Gatos, CA 95030
- Cupertino Library, 10800 Torre Avenue, Cupertino, CA 95014
- Milpitas Library, 60 North Main Street, Milpitas, CA 95035
- Morgan Hill Library, 660 West Main Ave, Morgan Hill, CA 95037
