Notice.re.Termination_NSCRCD_Signed.pdf (~85 KB) Salmon Fest flyer.pdf (~1.6 MB)

Richard, as we move into a new era, I want you to know how much both the District and I have appreciated our long and productive relationship. I truly believe that, without your guidance and dedication, we would not have succeeded in executing the FAHCE agreement and securing protections that will allow future generations to continue witnessing the annual migration of steelhead and salmon into our waterways. Your contributions have made a lasting difference, and I wish you all the best.

If you are available, I hope you'll consider coming down for the South Bay Clean Creeks Coalition's *San Jose Salmon Festival 2026* on November 14, 2026 (flyer attached). It is sponsored in part by San Jose's Mayor, Vice Mayor, and two Councilmembers. I think it would be a wonderful opportunity to see firsthand the tangible results of your work over the decades.

Take care! Stephanie

Re: Notification of Termination of Legal Representation

Dear Mr. Roos-Collins:

I am writing to notify you that pursuant to paragraph 11 therein, the Engagement Agreement between North Santa Clara Resource Conservation District (NSCRCD; formerly known as Guadalupe-Coyote Resource Conservation District) and the Water and Power Law Group (WPLG), dated April 13, 2011, as amended on March 20. 2015, is terminated effective September 30, 2026. This letter discharges WPLG as NSCRCD's legal counsel in any and all matters.

NSCRCD's legal matters are being transitioned to Water Law & Policy Partners LLP (WL&P), who will assume representation effective October 1, 2026. I understand you have already coordinated with them to arrange delivery of our file.

Thank you,

Stephanie Moreno
