Hello Stephanie,
I may not get home today in time to listen to your Board meeting.
So 2 comments on the proposed Rules of Order.

1) I think you should acknowledge the Ralph M. Brown Open Meeting Act
as a source of overriding conditions for noticing and public participation.

2) You do not define "quorum". So when you say
"A motion is passed/adopted when a majority of the Board or committee",
is "majority" the count of members present, members of filled seats present
or not, or members authorized including unfilled seats"
