

CARCD WCB Climate and Wildlife Project: Los Gatos Creek Watershed Restoration Project

Program	Riparian Habitat Restoration		
Primary RCD	North Santa Clara Resource Conservation District		
Lead Implementer	North Santa Clara Resource Conservation District		
Funders	San Jose Water, South Bay Clean Creeks Coalition, Wildlife Conservation Board		
Other Organizations	California Association of Resource Conservation Districts, Private party		
Project Primary Contact	Stephanie Moreno (smoreno@gcrd.org)		
Project Stage	Planning/Design	Duration	2024 - 2027
Estimated Total Cost	\$642,076.00	Secured Funding	\$642,076.00
No Funding Source Identified Yet	\$0.00	Targeted Funding	\$0.00

Watershed Restoration > Riparian Habitat Restoration

This project is designed to increase the scale and pace of ecological restoration in the Los Gatos Creek Watershed. North Santa Clara RCD (Formerly GCRCD), through a core partnership with San Jose Water (SJW), and South Bay Clean Creeks Coalition (SBCCC), is using funding to support restoration of streams, floodplains, and tributaries of the Los Gatos Creek Watershed.
